#### NO ANSWER

PHYLLIS STANIKMAS, F-4

This all began a long time ago, when my family owned a cottage on Lake Sunshine in New Hampshire. It was our custom each year to spend the greater part of our summer there.

We became well-acquainted with a neighboring family—the Sloanes. Sandy was the only son of the Sloanes, and he and my brother and I were chums. The three of us spent long, lazy days on the Sloane farm, for Sandy knew every nook and cranny of his father's property.

We would take our lunch, and pic nic on a pine knoll high on a hill just behind the farm. I have never seen a more beautiful view than the one this knoll afforded! Mt. Monadnock could be seen in the distance, its summit a beautiful shade of lavender. The surrounding timberland was a deep, dark green; and at the base of the hills could be seen sparkling blue lakes. Sandy dearly loved this view, and often declared that he planned to build his home there, "close to God" someday.

Then the war came. Our cottage was sold; my brother became a Navy recruit; Sandy became Lt. Sanderson Sloane of the United States Army Air Corps. We never saw Sandy again. His plane was shot down over Germany in February of 1944.

Last year when we went back to New Hampshire for the first time in nearly five years, we visited the Sloanes. Everything seemed the same as we'd left it. The Sloanes looked a bit older, but they looked happy, in spite of the empty farm-

The pine trees are unchanged exthem. An altar, a lectern, and a gratulations, Dave! pulpit now stand in a little clearing overlooking the magnificent view of Mt. Monadnock. An organ is set into the ground, off to one side. When you hear it, the music seems to drift out of nowhere. Once a week services are held in the Cathedral, and people of any faith are welcome to offer up services under the bright blue sky. The Cathedral has been established as a memorial to Lt. Sloane and to every other person killed in World War II. Many people from many places come to pray and to find peace in the hushed beauty of the shrine.

As we were leaving the knoll Mr. Sloane said, "This is Sandy's home, you know. Do you think he's close to God here?"

We had no answer to offer. None was needed.

By the time the game was over, Fitchburg had decided that W.S.T.C. had something on the ball besides the chicken-pie supper served them before the game. Our gals really had power behind that ball. The power was from all four classes, but something happened to the Juniors who had only two representatives on the team. Audrey Hart and Elaine Lorys made up for the scarcity of Juniors by their spirited playing. Upholding the Freshman line were Irene Brierly, Irene Bryson, Bar-bara Bucca, Mary Lou Cheney, Patricia Herbst, Rosemarie Monahan, Rosemary Norton, and Jean Shevchenko. (You must remember the skill of these girls in basketball -they are just as good at volleyball.) The Sophomores put on a good show too. The "get them over the net" girls were Jane Beringer, Shirley Dodge, Jane Forsey, Bar-bara Geronimo, and Ernie Hugo. To add venerable age and spice to the game, the mighty Seniors were on hand. Nancy Curley, Marjorie Frohock, Sylvia Hawley, Edith Hill, and Betty Robinson were tops during the game. There was another

W.A.A. is looking forward to avenging the defeat it suffered at the hands of the Faculty last year. If they receive another trimming this year, the girls will have to admit that the Faculty are the champs of the College.

As we go to press, Spring is coming and W.A.A. has high hopes for the softball season.

The second half was a different story with the home quintet running riot. Top scorers for the night were "Wingsy" O'Leary and Phil Phillip. The home court was used and a good crowd was on hand for the opening night.

Continuing their winning streak our "Big Five" ran amuck to an easy victory. The deception and speed of the Lancers were too much for W.S.B.S. to contend with. Top scoring honors went to O'Leary and
